

# The North Park

Inspired by the writings of John Ruskin and a romantic idealization of the craftsman taking pride in his personal handiwork, the craftsman era was at its height between approximately 1880 and 1910.

The North Park by MossCreek, captures this same spirit of romantic idealization with 3 bedrooms, 2 1/2 baths, and a master on the main level. A large story and a half vaulted Great Room with exposed timber trusses and an open Kitchen / Dining Room complete a dramatic craftsman interior.
